REPORT

I have received 31 studies from 22 composers from 14 countries. (Slovakia, Russia, France, Uruguay, Poland, New Zealand, Italy, Hungary, Ukraine, Austria, USA, Armenia, Denmark, Serbia)

It is my first experience as a judge, so please be patient :

**As a practical player, i do like new discoveries in the practice-looking endgames.
As a chess solver (former Russian champion - 1991) i value studies, which are suitable for solving.**

Here is my award. It contains one prize and a few honourable mentions and commendations.

I want to thank all authors for their works and passion to the chess composition!

Impressive work. After 6-moves "warming intro" White gets pair Queen+Rook against Black army.

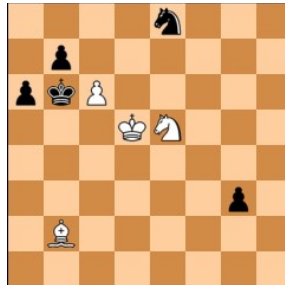

On a way to win White makes 24 consecutive precise moves by Q and R to capture three black minor pieces.

Sometimes it takes more efforts to stop passed pawn than to catch a Queen.
